VOL. CVXIIII.—171. ALEXANDRIA, VIRGINIA, WEDNESDAY, AUGUST 6, 1913. PRICE 2 CENTS

ELLYSON AND KOINER SWEEP STATE; POLLARD DEFEATS WILLIAMS BY 5,000

Present Lieutenant Governor Carries Alexandria By 245.

LIGHT VOTE IS CAST.

Oliver Elected to House of Delegates From Fairfax—Little Interest in Election.

Richmond, Va. Aug. 6—With approximately fifteen counties to be heard from at 2 o'clock, John Garland Pollard, of Henrico, has a lead of over 3,000 with indications that this will be increased by probably 5,000 by later returns in the contest for attorney general. Koiner's majority over Brown for commissioner of agriculture will be in the neighborhood of 12,000, while J. Taylor Ellyson is renominated for lieutenant governor by at least 20,000 majority. There seems to be no doubt of Pollard's nomination which was in some small doubt early this morning.

J. Taylor Ellyson was renominated for lieutenant-governor by an overwhelming majority.

George W. Koiner was re-nominated for commissioner of agriculture by almost as large majority.

The fight between Samuel W. Williams and John Garland Pollard for attorney general resulted in a victory for Pollard by a small majority.

The state vote was a moderate one, approximately sixty-five thousand, indifference being marked in certain sections of the state and a large vote being polled nowhere except where there were local elections for the house of delegates. In the cities the vote approached that of four years ago when the last state primary for state offices was held, but in few places did the voters turn out as in the senatorial election of two years ago.

Lieutenant-Governor Ellyson carried nearly every county and every city in the State over his only opponent, Lewis H. Machen, of Alexandria. Machen carried Alexandria county, but lost Alexandria city by 245.

In Richmond Ellyson ran nearly two to one ahead of Machen, but in a few precincts the Alexandria man showed surprisingly strong, carrying more than one.

The vote polled by George W. Koiner, the commissioner of agriculture, furnished the big surprise of the day. With the big leaders of the Democratic party backing him and a strong organization in many parts of the state, J. Thompson Brown was conceded the victory by almost all unbiased observers. Only the commissioner's closest friends declingd to admit that the prospects greatly favored Brown, and yet this morning Koiner is in the lead with indications strongly pointing to his nomination. Norfolk city, which went for Brown four year ago by a tremendous plurality, switched to Koiner, and Richmond gave the incumbent a large majority. In Petersburg Brown's vote was smaller than expected, and in Staunton the Augusta man's majority was larger than predicted.

Vote in Alexandria.

The polls in Alexandria opened at 4:46 yesterday morning and did not close until 7:05 last night, making a very long day for the judges and the workers at the polls. The total vote cast was 970, some votes being thrown out because of defective ballots. This is a low record mark for a Democratic primary.

As anticipated by those familiar with the situation the city went overwhelmingly for J. Taylor Ellyson for lieutenant governor, Samuel W. Williams for attorney general, and Geo. W. Koiner for commissioner of agriculture. Ellyson's majority over Lewis H. Machen was 245, the Alexandria man securing a total of 344 against his opponents 589. Machen developed considerable strength in the First Ward where Ellyson's majority was only 3 votes. The Fourth Ward was the banner ward for the Richmond candidate as he received 198 votes to Machen's 52.

Koiner led the ticket with 666 votes, being closely followed by Samuel W. Williams, who received 637. Cummings developed considerable strength in the late hours of the campaign and secured three more votes than Pollard who ran third. The complete vote for all of the candidates will be found in the tabulated statement on this page.

The day passed withut disturbance of any kind, and there was very little interest manifested in the polls. Ellyson, Williams and Koiner had a strong organization working for them during the day while the other candidates were not represented. The saloons closed on Monda ynight and did not reopen until this morning.

Alexandria County.

The vote in Alexandria county was very small, there being no interest taken in the election and there were few people at the polls. The county went for Machen by a majority of 26, the total vote for lieutenant governor being 144, of which Machen secured 86, and Ellyson 58. Pollard was easily the winner in the race for Attorney general, securing 81 votes to 46 cast for Williams and 9 for Cumming. Koiner led Brown by 30 votes, the vote being, Koiner, 86, Brown, 56.

. . . . . Fairfax County.

Incomplete returns from Fairfax county indicate that it has been carried by Machen, Williams and Koiner. Machen has probably carried this county by a larger majority than he will receive in any other county.

Great interest was taken in the election for member of the House of Delegates, where Walter T. Oliver, the present incumbent defeated his opponent Ernest L. Robey, of Falls Church, by a majority of less than 100. Returns from 22 out of the 24 precincts in the county give Oliver a majority of 61.

Oliver, who had declared as opposed to the enabling act was opposed by former State Auditor S. R. Donohoe, editor of the Fairfax Herald and the contest developed great bitterness.

Other Counties in 8th.

Other counties in the 8th Congressional district which have reported are as follows:

Culpeper, Ellyson, 650, Machen, 450. Pollard, 501, Williams, 409, Koiner, 815, Brown, 385.

Louisa: Ellyson, 236, Machen, 155, Pollard, 37, Williams, 236, Koiner, 434, Brown, 105.

Orange: Ellyson, 212, Machen, 26, Pollard 41, Williams 196, Koiner 215, Brown 19.

Stafford: Ellyson, 92, Machen, 12, Pollard 13, Williams 91, Koiner 99, Brown 7.

REPORT ON POTOMAC RIVER.

Engineer Officer Recommends an Appropriation of $20,000.

An appropriation of $20,000 for use in the maintenance of channels, sea walls, inlet and outlet gates of the Tidal Baisn, and other improvements along the river is recommended by Col. W. C. Langfitt, engineer officer in charge of the work along the Potomac, in his annual report, which has just been submitted to General Bixby, Chief of Army Engineers.

The total appropriations for the project since its inauguration in 1882 have been $3,418,500. During the past fiscal year most of the operations have centered in the building of a training dike from the east end of Analostan Island to the Highway Bridge. It is 7,207 feet in length, and is for the purpose of minimizing the shoaling of the Virginia channel to Georgetown.

During the year the Potomac was navigated by 3,381 vessels of all classes, having a total tonnage of 534,203, and carrying 371,181 short tons of freight, valued at $17,706,954. The cargoes consisted principally of ordnance material for the Navy Yard, brick, coal, gravel, sand, lumber, iron, steel, oil, gasoline, and stone.

STRUCK BY BROTHER TEMPLAR.

George Preston Appears in Police Court With Right Eye Bandaged.

George Preston, colored, who shortly after the close of the civil war became a resident of this city, had an altercation yesterday with Thomas Lee, also colored, during which Preston was knocked out, so much so that services of Dr. Penn were sought. The victim of the assault alleges that his assailant used brass knuckles upon him. Preston's right eye was bandaged when he appeared in the Police Court this morning. Lee was missing, he having left collateral which he evidently intended to forfeit.

Preston was represented by Robinson Moncure, and at the last request the court determined to postpone the consideration of the case until tomorrow morning.

According to Preston's version of the affair, the attack was unprovoked and was the outcome a dispute over the manner in which an excursion to Charlottesville by the colored Knights Templars o fthis city was ebing arranged.

ANDERSON APPOINTED.

Former Alexandrian, Dismissed by McKinley, Back in Pension Office.

After having been dismissed from a $2,000 position as chief of the law division of the pension office when President McKinley took office. Although he was under the civil service, and after futile efforts under subsequent administrations to be reinstated, Frank E. Anderson, formerly of Houston, Tex., has at last had his case favorably acted on.

An executive order recently issued by the President permits his reinstatement.

Mr. Anderson is a native of Alabama, and he resided in Alexandria during the nineties. He was a candidate for Congress in 1896, but was defeatd by the late John F. Rixey.

MARRIED AT A FUNERAL.

Bride Hastens Marriage Plans to Please Mourning Widow.

Trenton, Aug. 6.—So that she might ease the aching heart of her fiance's mother, Miss Ruth Drake was married to Wm. H. Ward, at the bier of his father, Joseph Ward, who was crushed between cars last Thursday. The young couple were to be married in October, but when the elder Ward was killed the mother requested the young people to marry immediately. The young woman assented, and just before the funeral sermon was preached over the body of the dead man the two young people were pronounced man and wife by Rev. Judson Conklin.

The bride then went upstairs, changed her wedding gown of pure white to a dress of deep mourning, and the funeral sermon was preached. With Mrs. Ward, the widow between them, the newly married couple went to the grave of the father. Young Mrs. Ward is a teacher at the Clinton Avenue Baptist Sunday school, and is well and favorably known here.

ATTEMPTS TO BRING POLITICS IN TRIAL

Girls Ready to Testify in White Slave Cases in San Francisco.

SECURING JURYMEN.

Interest in Case Expected to Grow as Soon as Taking of Testimony is Commenced.

San Francisco, Aug. 6.—All efforts to bring politics into trial of Maury I. Diggs, on charges of viloating the Mann white slave act, will be moved upon by Judge Van Fleet, who is presiding. As a result, it is believed that this feature, which many expected to figure prominently in the trial, will be minimized.

Twelve talesmen were in the box when the trial began today, all but one of whom had been tentatively passed by both sides. Most of these were subject to peremptory challenges, however, and it was expected that some would be excused. It is expected, nevertheess, that a jury will be accepted today, and the presentation of the Government's evidence will begin.

Judge Van Fleet's attitude toward the political aspect of thecase was indicated when Attorney Coghlan was examining Talesman Louis Block.

"If you knew certain persons of importance wished the acquital of these defendants, would it bias you?" the lawyer asked.

The court immediately interrupted, ruled the question was improper and instructed counsel to "confine themselves to the facts."

All of the men in the box expressed a belief in the efficiency of the white slave law, and its rigid enforcement. Only two of the twelve are unmarried.

Interest in the case has lagged thus far, but as soon as the taking of testimony begins it is expected to quicken. Diggs and F. Drew Caminetti were both in court again when today's session opened. Caminetti said that it was unlikely his father would come from Washington for his trial. Hs mother, however, sat beside him in court today.

Misses Warrington and Norris remained in the district attorney's office today, waiting to be called to the witness stand.

MAIL CAR ROBBED.

Clerks Handcuffed While Work of Robbery Proceeds.

Birmingham, Ala., Aug. 6.— The mail car on the fast Louisville and Nashville passenger train No. 4, north bound from New Orleans, was boarded and robbed early last night by two unknown white men, who held up the mail clerks. All the registered mail was taken by no estimate could be made tonight of the amount obtained.

The train reached Birmingham on time at 8:37 o'clock and two of the mail clerks, George Hoover, and E. G. York, were found handcuffed together in such a way that the irons had to be filed from their wrists. The thumbs of chief clerk Harry Everett were securely bound together with heavy twine.

The robbers boarded the mail car at Catera, on the opposite side of the station as the train began to move. The clerks said they immediately were covered with revolvers and ordered to turn their faces to the wall. Everett looked around at once and was fired upon,the bullet just missing his head. The robbers jumped from the train at Fourteenth street in Birmingham.

Chief Clerk Everett said he had no idea of the value of the registered mail, but declared that the robbers took it all.

POLICE COURT.

(Justice L. H. Thompson presiding)

The following cases were disposed of this morning:

Hattie Thomas and Mabel Haskins, both colored, charged with disorderly conduct, were fined $2.50 each.

Thomas Lee, colored, charged with assaulting George Preston, colored, had his case continued.

FOREST FIRES RAGE IN CAPE COD WOODS

Many Men Attempt to Stay Progress of The Flames.

LOSSES ARE HEAVY.

Worst Fire Ever Known in Neighborhood—Summer Residents Desert Their Cottages.

Hyannis, Mass., Aug. 6—With nearly fifty square miles of woodland already destroyed by the roaring forest fire which has done damage estimated at over $200,000, one thousand experienced fire fighters and hundreds of volunteers today fought the onrushing flames.

The fire is the worst ever known on Cape Cod, noted for its sudden and fierce wood fires.

Veteran fire fiighters today declared that a shift in the wind in the northwest means destruction of this town, South Yarmouth, and Yarmouth depot. Many summer residents have already deserted their cottages, while others today prepared to flee at the first veering of the wind.

Residents, whose homes were in the path of the flames are encamped with their belongings on the roadsides in this town today.

The wind had died down somewhat early today and the fire fighters took advantage of the lull to build ditches and back fires in preparation for a sudden renewal of the high wind.

Society women have placed their automobiles at the disposal of the firemen and many are making coffee and sandwiches to relieve the exhausted men.

DOG SAVES CHILD IN WATER.

Pet Puls Little Girl Out as Father Reaches Stream.

Milford, Del., Aug. 6.—"Frank," the pet Shepherd dog owned by Thomas Hammond, of near Duttontown, is coming in for much fondling because of his rescue of the small daughter of Hammond Monday afternoon.

The child in company with the dog was playing along the bank of a small stream near the Hammond home, when the earth caved in and the youngster fell into the water. The dog is much attached to the little girl, and immediately grabbed her clothes and pulled her to safety.

The father, who had heard the child's yells, arrived just as the dog pulled the little girl out of the water.

WEAKENED ROPE BY ACID.

Startling Charge Against Union Man on Non-Union Job.

Toronto, Ont., Aug. 6.—Stead Gamble, business agent and organizer here of structural ironworkers, has been arrested on a charge of saturating with sulphuric acid 1,000 feet of rope supporting a ladder on which several non-union men were working in building a 900 foot bridge over a ravine at Dixie, east of Toronto.

The bridge foreman discovered the damage to the rope, and detectives were put to work. Gamble's arrest was the result. The scaffolding, which was 70 feet high, was used by men in riveting sections of the bridge, and had it fallen loss of life would have followed. The workmen were taking places of strikers.

BULL BREAKS BOY'S ARM.

Tosses Him, Then Comes to Rescue and Saves Lad.

Milford, Del., Aug. 6.—Attacked by a bull ,Thomas Laws, son of Hary Laws, who resides on the bay shore, was tossed and sustained a broken arm Monday morning.

Young Laws was out on the marsh of his father's large farm, looking for stray calves and did not know that the bull was out until the animal dashed from under a small clump of cedar trees. The boy started to run and was tossed.

A large bird dog with the boy attacked the bull, and while they were fighting it out, the boy managed to get out of harm's way.

Yesterday morning, when Mayor George W. McLeish entered his office he found the body of a man stretched full length across his flat-top desk dead. The man was identified as Samuel Henry, 54 years old, a glassblower, of Muncie, Ind., but a native of Steubenville, to which he had returned for the first time since he was a young man. He had eluded the watchman and climbed through a window. A vial of carbolic acid spilled in the drinking left a scar on the Mayor's desk that will remain as long as the desk lasts.

VICTIM ARRESTED AS BEATER.

Wife's Charg Against Husband Just Reversed Facts.

Wilmington, Del., Aug. 6.—Married less than two months, Charles Knotts, of No. 506 King street, was haled before the City Court yesterday on a charge of wife-beating. After the court had heard the evidence, which showed that Knotts was a target for plates, sugar bowls, bricks and knives thrown at him by Mrs. Anna Knotts, his wife, the charge was promptly dropped.

Mrs. Knotts said her husband got mad when he saw her talking to a male friend Saturday night. He followed her to a saloon and warned the bartener not to sell to her. She declared her husband knocked her down when they got home. She denied stabbing him with ice tongs, but admitted she had bitten him on the shoulder.

Knotts told of his wife biting him and jabbing the ice tongs in his leg, how she hurled bricks at him when he followed her on the streets and how she attacked him in their home.

BEANS COOKED ON VINES.

Lightning Does the Trick, and it Happened In Maryland.

Washington, D. C., Aug. 6.—Beans, large and juicy, of the lima variety, cooked with a delicacy that would suit the palate of the most fastidious of epicures, were being gathered right from the vine at a truck garden near Washington yesterday.

William Williliams, at his Lanham, Md., garden, has this remarkable "cooked bean vine." The novel string of beans ready for service,came about this way, he says. He was afraid the bean vines would be in danger from storms if he allowed them to climb on the ordinary poles. He had planted several rows of beans, each about city square in length, and decided to guard against the blowing down of the poles by stretching wires between them. Lightning struck the wires over which the beans were creeping.

NIP PLOT TO BUN THEATRE.

Oil And Kindling Found at Exits of Motion Picture Place.

Atlantic City, Aug 6.—Following the discovery last night of a plot to burn the Star Theatre, a moving picture playhouse at New York and Atlantic avenues, a squad of policemen was stationed within the structure, while additional bluecoats patrol outsde. Soon after the evening performance had begun an attache of the theatre discovered that exits in the rear had been thoroughly saturated with oil,and a can half filled with the fluid was found on top of a pile of kindling wood.

It is believed by the police that an attempt to fire the theatre while it was crowded with patrons would have been made, if the oil had not been discovered. The theatre is owned by foreigners, who became wildly excited. Black handd methods are hinted.

The deserted wife has reason to believe her husband is in another section of the state, and she asked that he be located, arrested and returned to this city and made to take care of her and her child or face the court.

QUIET PRIMARY CONTEST

Conditions Serene Yesterday and Last Night--No Arrests Made

There were but two cases before the Police Court this morning, and they were of colored persons who had been disorderly. The election was conducted in the most orderly manner, although considerable earnestness was shown on the part of the champions of the respective candidates from the opening to the closing of the polls, but no ugly scenes resulted and the Police Court had no cases to handle as result of the election. Generally on the night following an election there is more or less animation on the steets while awaiting the counting of the votes, but this seemed lacking last night, although considerable interest was manifested by those desiring to hear the official returns. About an hour after the close of the polls the result was announced. There were no marked evidences of exultation on the part of those who realized that their favorites had carried the city, nor did those who found themselves in the minority show any bad temper.

It has not always been so. In bygone years more or less bad blood has been in evidence a few hours after the close of the polls.

The new order of things shows that people are outgrowing the prosperity to disorder which has heretofore been so glaringly apparent, as they realize the silliness of becoming wrothy when things fail to go their way. May it ever be so.

STEAMER TO BE BROKEN UP

Capital City Brought to Alexandria Where She Will Be Dismantled

The steamer Capital City, belonging to the Chesapeake & Potomac Steamboat Company, has been docked at the foot of Cameron street, where she awaits a purchaser. The steamer will be converted into junk when she shall have been disposed of by her owners. The report published in the Washington papers to the effect that J. Driefus and Sons had purchased the old steamer is incorrect.

The old boat had part of her smokestack carried away during the severe storm one week ago today. The Capital City has been running on the Potomac since 1875, having been built for the lower rive rroute by the Inland and Seaboard Coasting Company. John Wood, an Alexandrian, was her first commander. William Nowell, also an Alexandrian, was later captain of the boat. He was stricken with apoplexy, and died while on duty about twenty years ago.

Several old steamboats which were familiar figures on the Potomac in bygone years have been broken up recently. The T. V. Arrowsmith and Samuel J. Pentz, long employed on the river exist no longer, while the Excelsion, Lady of the Lake, W. W. Corcoran, River Queen and the Columbia have been destroyed by fire during a comparatively short time.

The inrush of cattle to the Kansas City stock yards from dry sections of Nebraska, Kansas, Oklahoma, and Missouri, which began in earnest Monday, when 30,000 were unloaded continued yesterday with the receipts of 16,000 more. For the two days of this week 46,000 cattle have been recieved, 20,000 more than Monday and Tuesday of last week and nearly twice as many as were received at the Chicago stock yards Monday and yesterday. Prices were 15 to 25 cents a hundred lower than yesterday, making a drop of 5 0cents to $1.25 a hundred in the last 10 days. Commission men said letters and telegrams from the stock-raising districts were gloomy and indicated that unless rain came soon the flooding of the local cattle market would be redoubled.

DISAPPOINTED NEGRO.

Owner of Supposed Diamond is Down-Hearted.

Richmond, Va., Aug. 6—Carrie Hunt, colored, of Ramcat Alley, used to have a precious pin. She thought it contained a $150 diamond, and when it was stolen several days ago she besought the police to find the thief and send him to the electric chair, first extracting, of course, the lost pin.

Monday morning Sergeant Wiltshire arrested a negro who looked as if he had stolen the pin. A thirty-third degree examination proved the sagacity of the detective indisputable, and thus the negro confided to detective that the $150 pin was hidden under some water pipes in the rear of the Chesapeake and Ohio station.

The pin was found, but the detective, who is an expert lapidary, at once saw that the $150 diamond was nothing more than a 15-cent chip of cut glass.

Carrie Hunt is ready with the tears when any one tells her how many she ought to shed.

But the thief, who calls himself Royall Brooks is the happiest man Richmond. For instead of facing a felony charge before Justice Crutchfield he will have to answer to only of petty larceny.

VOTERS CHANGE BY GOVERNOR

Baptist Ministers Tell of Twenty Who Thus Resented His Activity.

Richmond, Va., Aug. 6.—"I had intended to vote for Brown for Commissioner of Agriculture," said a Baptist minister yesterday, "but when Governor Mann got into the controversy and fired a broadside into Mr. Koiner, I at once determined to vote for him, and I did so with a great deal of pleasure."

The minister said he also knew of another Baptist minister, and indicated who he was, who had experienced a change of heart, politically after Governor Mann had expressed himself in regard to the attitude of Mr. Koiner.

"I told my friend that I knew of ten others who had said the same thing regarding Mr. Brown, and that they had shifted after reading the Governor's attack on Koiner.

"Then, what do you suppose followed? You can't guess. Well, he told me that his experience was the same as mine, that he knew of ten men who had made a change because of Governor Mann's interference in the contest between the two."

These two ministers are well known, have a wide acquaintance and are men of recognized standing and value in the community.

The Truth About Electric Cooking

For large families where the average domestic help is employed and a large amount of cooking done, Electric Cooking will be found more expensive, and in most cases not advisable.

In small families, where no help is employed, and where nice equipment is desired, Electric cooking will be found many times more convenient, more certain in results and safer in operation—as well as reasonable in cost.

In every family a few utensils for early breakfast emergency and special uses—and for cheering up cold meals with a warm dish or two—is highly advisable from every standpoint, including that of economy.

RESULT OF THE ELECTION.

J. Taylor Ellyson had a walkover in the primary election yesterday for Lieutenant-Governor of Virginia, as did G. W. Koiner for re-election to the position of Commissioner of Agriculture. Samuel W. Williams, the present Attorney General, however, was defeated by John Garland Pollard.

The Gazette tenders its congratuations to the successful candidates. The election yesterday was simply a contest within the Democratic party, and now that the result is known, the successful canidates and their many suporters will, as is generally the case, vie in rolling up as large vote as possible for the winners in the race.

Primary elections often bring forth scenes and incidents to be deplored and when the smoke of the battle passes away, men who are friends socially and otherwise, who occasionally have given vent to unnecessary expressions and inuendos are quick to revise them. Let us hope it will be so on this occasion. The gentlemen who have been called upon to succeed themselves have been tried and not found wanting and their constituents have affirmed their previous course by voting to keep them at the important posts they now occupy. A majority, however, has voted to make a change in the office of Attorney General, a right no one questions, and there is every reason to believe Mr. Pollard will prove equal to any occasion, and that the people will receive able and faithful service from the new Attorney-General.

Old Virginia has long stood high in the democratic column of the country. With sach able gentlemen handling the ribbons, she is destined to retain her impregnable position in the Solid South.

ATTEMPTS TO BURN HOUSE.

Dogged Determination of Incendiaries When Balked.

Williamsport Pa., Aug. 6.—Bold attempts to rob and set fire to the $40,00 home of William Decker, owner of the Montgomery Table works, during the last two days have been fruitless. While Mr. and Mrs. Decker were entertaining several guests at lunch on Sunday evening two men were discovered in the kitchen. Mr. Decker and Rev. Ralph Bergstresser, one of the guests, gave chase, but the intruders escaped.

On Monday morning a rapidly burning fire was discovered in the basement of the home. It was being fed by boxes and papers scattered on the floor. Several ahours after the discovery of the fire, when a son of the family went into the cellar to make an investigation of the extent of the damage, he saw a man crawling out of the cellar window. It is thought this fellow returned to make a second effort to fire the house. He, too, escaped.

Kate Barnard Ill.

Guthrie, Okla., Aug. 6.—Miss Kate Barnard known the country over as "Oklahoma Kate," state commissioner of charities and corrections, is on one of the Middletown, N. Y., farms of the New York Neurological Institute, for treatment, following a general nervous breakdown suffered by Miss Barnard during the past two years.

It is understood that her condition is critical and that she may never return to Oklahoma.

Miss Barnard is now serving her second term. The office was especially created for her by the Oklahoma constitutional convention.

"America" Un-American Hymn.

Buffalo, N. Y., Aug. 6.—The hymn "America", was criticised as Un-American and the "Star Spangled Banner" indorsed as the national anthem at the session of the German-Roman Catholic Verein. A resolution was adopted that the association promote the national Star Spangled Banner Centennial, commemorating the event which inspired Francis Scott Key.

Strike Breaker Dying.

New York, Aug. 6.—James Farley, for many years known as a professional strike-breaker, was reported to be dying at a hotel here today. His attendant refused to confirm or deny the report, nor would they state the nature of his illness.

Because of the heavy penalties imposed under the new excise law on those who appear in public in Washington after too liberal indulgence in alcoholic stimulants, Judge Pugh has announced that hereafter such persons may demand and obtain a jury trial if they so desire. The department is a new one, and, in the opinion of lawyers, promises to embarras the court when it has a full docket. The court has instructed the bailiff hereafter to inquire of all prisoners charged with drunkenness whether they desire to discuss their alleged "jags" before a jury or simply before the judge. The decision is up to them.

Seven thousand women employed in East Side, New York, knitting mills went on strike yesterday, demanding shorter hours, higher pay and more sanitary working conditions. It is estimated that more women are involved in the strike than in any labor disturbance in New York since the great shirtwaist strike of 1909. Several thousand men went out in sympathy with the women workers.

Arthur V. Sheer, son of Alderman James V. Sheer, of East St. Louis, shot his wife and then committed suicide at their home in East St. Louis yesterday. Mrs. Sheer was not seriously wounded. Sheer left home three weeks ago, and last Tuesday his wife swore out a warrant charging him with abandoning her and their children. Sheer was arrested Saturday night, but was released on bond. Yesterday he entered his old home, saying. "You never will testify against me," and shot his wife. While a neighbor was carrying the unconscious woman out of the house Sheer shot himself.

Charles Deets, twenty-two years old, of Hingston, Pa., is dead after being hit over the heart by a baseball pitched by Harry Allen, star twirler of the Alderson Club. Deets was playing with the Meeker nine and went to bat in the ninth inning. Allen wound up and shot a ball with all his speed in the direction of the plate. Deets tried to get out of the way, but the ball struck him squarely over the heart. He showed no ill effects of the blow and started toward first base. When he reached the bag he fell and when players of the opposing team reached him he was dead.

The Rev. O. H. Mason, pastor of the fashionable First Presbyterian Church of Long Beach, Cal., around whom a storm which threatened to entirely disrupt the congregation has waged for three weeks, was notified by a member of the vestry yesterday to resign at once and leave Long Beach, forever. Heeding this advice Mason at once left Long Beach, saying he was going to Winnipeg, Manitoba. The demand upon Mason came as the result of a secret vestry meeting. Charges made by two girl members of the church were investigated some time ago, and resulted in Mason being found guilty of gross indiscretions.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble such as headache, backache, sideache sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

SEVEN DIE IN FIRE.

Explosion of Lamp Causes Destruction of Canadian Home.

Quebec, Aug. 6.—Seven lives were lost in a fire which eary Monday destroyed the house of Joseph Paquel, at St. John's Parish, Isle of Orleans, 15 miles east of Quebec.

The dead are Mrs. Paquel, five children, three girls and two boys, and an unidentified woman, a guest in the house.

The fire was caused by the explosion of a lamp. Neighbors made a gallant attempt to rescue the imprisoned family, whose frantic cries for help attracted their attention, but only Mr. Paquel, who was terribly burned, and one child were rescued. Paquel is a river pilot.

DREAM TURNED HIM BACK.

Vision That Tells of Want at Home Turns Him Back.

Trenton, Aug. 6.—In a dream Albert S. Cameron, of No. 2 Covert Alley, saw his wife and two children in want because he had been away several days. He had the dream at Long Branch, and when he returned to his home, where he was regarded as missing, he was greeted with open arms. He found he was badly needed.

Cameron left his home to go berrying, but instead fell in with a friend. Both walked to the shore, where they expected to remain a short time, but the dream drove him back home.

KILLED AS NEW HOME WAITS.

Faithful Worker, Near Reward, Run Down by Train.

Wilmington, Del., Aug. 6.—Happy in the thought that he was to occupy a new home this week, Joseph Huddle, stable foreman for the Kiamensi Woolen Mills Company at Kiamensi while on his way to work Monday morning unconsciously stepped in front of a south-bound freight train on the Baltimore & Ohio Railroad, between the East and West Junctions and was instantly killed.

He was endeavoring to avoid a train approaching from the opposite direction, and being deaf and did not hear the freight train which was coming back of him The later train, being unsually heavy, was drawn by three locomotives, and could not be stopped in time to avoid the accident. Huddle was about 25 yards ahead of it, but the ringing of the bell and the blowing of the whistles failed to attract his attention.

Huddle, his wife and four small children live about two miles from the mills, but his employers thought so much of him they had built a new home close to the plant so he would not have to go so far, and Huddle was to have moved in with his family this week. He was about 45 years old.

ATTEMPTED MURDER.

That William Lustig, brother of an employe in the district attorney's office in New York, had been a marked man for months preceding the almost succesful attempt to murder him early yesterday, after the manner in which Herman Rosenthal, the gambler, met his death, was the gist of information gained by the police.

Lustig, who came of a respectable lured by a woman to "Humpty" Jackson's coffee house, in front of which the shooting took place. The couple had just taken seats at a table when the woman suddenly left and Lustig started after her. He found his exit barred by four men with revolvers. They all fired and three of the four shots took effect. A big black touring car whose motor was being started just as the shooting occurred, provided means of escape for the gunmen and they were speeding away before the policemen on nearby posts could reach the scene. The gunmen threw their revolvers into the street. The police have no clew to the identity of the men.

Lustig, who come of a respectable family, is said formerly been a member of the Dopen Benny band, a survival of the old Kid Twist organization. And the story as it was pieced together indicates that his death had bene decreed following the charge that he was a "spy."

Charged With Murder.

Agen, Lot-et-Garonne France, Aug.6.—A minor poetess, Madame Crespy, charged with murdering the priest Abbe Chassaing, on January 19, appeared before the assize court yesterday and related her verdict of the clergyman's death.

The accused is a little woman, neither pretty nor plain. As she told her story, her voice at times sank to an almost inaudible pitch and at thers rose to a shriek as she insisted that the young priest committed suicide.

Her story remained unshaken under the searching interrogatory of the residing judge who declared that she had murdered the man in order to abtain notoriety.

"In the accusation brought against you you are alleged to have said to your dressmaker that your books were not selling well, and that if you were the heroine of a love murder, for which accused persons are always acquitted, it would be otherwise," said the judge.

Mme. Crespy denied the allegation with the greatest indignation.

The presiding judge then remarked sternly:

"You had no great literary notoriety, but you have acquired a greater notoriety by your crime. You have thus attained your desired object."

Attacked by Congessman.

Representative Robert Young Thomas, of Kentucky, in an altercation in the bar of the New Varnum hotel in Washington yesterday with H. A. Goodlett, an assistant doorkeeper of the house, cut the latter under his left collarbone. No charge was filed against the Kentuckian last night, and in all probability none will be made.

Both men were said to have been under the influence of liquor. Thomas, on several occasions during his less than three years' service in the House, has obtained unpleasant notoriety.

Thomas will be remembered as the member who broke up the Archbald hearing of the House Judiciary Committee last summer by insulting a nwspaper man. He was then held until a sergeant-at-arms came and released him, whereupon he drew his knife and commenced a rampage which one of his Kentucky colleagues terminated.

The cause of the argument could not be definitely established last night, but witnesses are said to have told friends of Thomas that the letter called Goodlett a vile name, whereupon Goodlett slapped Thomas' face "with some enthusiasm." Thomas, resenting this familiarity drew his knife and attacked Goodlett.

The chief physician of the Villejuff Insane Asylum, Paris, announces that injections of oxygen mae by him cured in a few days cases of an acute type of sudden madness. He says he believes the treatment will always be efficacious in madness resulting from physical or mental exhaustion.

A Physician's Faith in Tuberculosis Medicine

"Have used Eckman's Alterative in several cases of tubercular glands of the neck, with excellent results every time. In one case it cost me $50, for the girl was put on it only until she could arrange to be operated, and in a short time an operation was not needed. I suppose your records are just as fine as of old. You know my faith in it."
(Original of this physician's letter on file.)

Eckman's Alterative is effective in other forms. Read what Mrs. Garvin says:—
Idaho Falls, Idaho.

"Gentlemen: I have gained twenty-two pounds since last February and my baby is in perfect health. I have been waiting since she was born to see how I would get along. I am now doing all my work, have been ever since she was four weeks old, and I am steadily gaining. I do not cough or raise anything at all. I believe my lung trouble is cured."
(Sworn Affidavit) MRS. M. H. GARVIN.

Note—Mrs. Garvin has seven children.

Eckman's Alterative is effective in Bronchitis, Asthma, Hay Fever; Throat and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists

In the midst of a dense throng of shoppers at Fifth Avenue and Thirtieth street, New York, Abram Fink, a jewelery salesman of Buffalo, shot and seriously wounded Bessie Silver man and then killed himself. The motive for the shooting, say the police, is that the woman was tiring of Fink and her mode of life and was planning to leave it. She had met "a decent man," she said, who wanted to marry her, and she decided to leave the old surroundings as the first step in her reformation.

NEWS OF THE DAY.

A leopard, which has been at large since escaping from a circus, at Crookston, Minn., attacked two children of William Wageman at his farm house, near Red Lake Falls. The lives of the children were saved by the family dog, a Scotch collie, which charged the animal, while the children escaped into the house. After it had killed the dog the leopard escaped into a cornfield.

After being locked in the closet of a vacant house for nearly 72 hours, 5 year-old Annie Newman, was released fro mher prison in Chicago yesterday afternoon.
